Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Marta Chase 112 Rhododendron Ct Chapel Hill, NC 27517-8300 (919) 967-8782
